1. Ted, thank you for posting My words today, tonight, and caring about giving others what I have given you. Thank you for letting Me flow through you, through untraditional ways and means, as well as historically traditional means. I will use you. And you will use every means of technology available now, and in the future, that does not exist yet, but will, for Me to be preached, displayed, communicated, and communed with.

2. All the people I can come through, I am coming through. All that will let Me move in the newness of My fullness and the fullness of My newness, I will move through, I will pick up, I will put and place My hands on, and I will elevate and take them to places of responsibility and power they never imagined they could fill, if, if, if, they have let Me form their character so that they can withstand the assaults of enemies that care only for their destruction.

3. I am developing new methods of communication. I am developing new paradigms of community and relationships of caring for each other, and caring for each other's children, and you will see it, you will participate in it, you will help foster it, you will help many help bring Me about, in these new fashions of Me, fashioned by Me with My hands through My willing and obedient, My non-traditional, My guts-for-Me kids and young and all trustable.

4. Get them to stand up. Get them to stand up. Get them to stand up and walk forth so I can lead them to lead. They must stand up, they must not stay sitting down. They must embrace Me and the new things I am doing to let Me flow through them to help them lead, and lead others to lead.

5. Now stop being timid and shy about this and walk in the boldness that I have already given you and get those around you and those within earshot and those within email reach and those that will hear your voice and read your words, My words that I write through you, get them to stand up, and the time is now, now, now, now, now, now, now, now, now. Can I say it any clearer? The time is now.

6. Stand up and declare your intentions oh hearer, oh reader, oh listener to My heart. Stand up and move toward Me and see what I do, see what I say, listen to Me make Myself known to you and reveal scriptures and revelation and knowledge and understanding to connect and build on and upon Wisdom in manner yet unseen.

7. Why won't you believe Me? Why won't you listen to Me? Why are you reticent to declare your intention to believe Me and stand up and do what I say and begin writing what I have said to you and what I will give you and behold what I will give you in addition to what I have given you? I have given you so much. If you only knew what I have already given you. Will you come, will you come, will you stand up, today, today, today?

8. Regardless of your circumstances and the apparent lack of whatever you think you need to have man's approval before you stand up, I appropriate you, I charge you, to move in the revelation of Me that you now have and begin to share and give voice and ink and digitization to My words, to My truth, to Truth, to Me, to you, and if anyone questions your motives or ability or credentials, tell them I spoke these words to you, to you, to you oh reader, oh hearer, on child of Mine, of lamb of Mine, oh lover of Me.

9. Share, speak, stand up and circumvented not be. Circumvented no longer are My people that will river Me, letting Me mature them and those around them. Grow up, grow up, grow up and mature and let Me mature you, Me, Me, Me mature you, Me correct you, Me speak to you, Me share Myself with you and activate and mature the gifts I've already given you and reside in you that lie there, waiting, waiting, waiting.

10. The time is now. The time is now. The time is now. I burst forth into your life with newness and vigor that you have never seen, if you let Me. Will you let Me, can I be plainer, can I plead any more effectively? I've already placed Me in you so that you know truth when you hear it, when you read it, if you won't logic it out of your spirit.

11. Move forth, think not in the traditional models of leadership or followership of the past. This is a new day and I am doing a new thing and all are moving forward in me in a paradigm that I created and is patterned after Me and the things of Me and the designs of Me that I designed and operate according to Me.

12. Will you stand up, will you stand up, will you stand up please, and let Me use you? Will you let Me use you please, for you, for Me, in the design of the Most High upon your will, which you control, because He chose to let you operate by your will?

13. Let Me, let Me, let Me give you the freedom that you so desperately desire, and have sought through myriad other means over the years. Let Me give you Me fully, fully breathing life afresh into every gift that I have already given you, and watch Me, watch me, watch Me. Hold on. Watch Me.

14. I love you.
I appreciate you.
Thank you for reading this and pondering deeply these words of Mine and opening up yourself to My power, My love, My maturing you, as you stand up, stand up, stand up and let Me be Me through you, letting Me river Myself through you, in such deeply fulfilling relationships, first of Me with Me, and Me and others through you, and you with others through Me. I thank you. I thank you.

15. If you're open to standing up like I am asking you to do and you don't know how, begin to ask My servant Ted. Write him, contact him and ask him, and pull out of him what I have already given him, for many, many, for many. Open doors for him to come speak to you and your organizations and see what happens. Watch Freedom reign. Trust My humble servant and watch Me, watch Me, watch me, and watch freedom grow in you, loosing the bonds that have held you, and like you, for centuries.

16. Self serving words of My servant? No, no—words of Mine, to those I want to stand up, to you, to yours, to your arenas, to your seed, your children, Me, freedom.

17. Take to heart deeply My message of freedom to you and My request that I so pleadingly make, for you to stand up and intimidated, inhibited, back-seated be no longer, not in My kingdom, not in any kingdom.

18. The time is now.
Today is the day.
Move forth.
Have guts.
Stand up.
Stand up.
Stand up.

I thank you.
I thank you.
I, the Most High, your friend-to-be, ever closer, Me, Thank you.
